TO INSTAL THE WATER METERS; AND FOR OTHER PURPOSES.

WHEREAS, Lenox Court Home Owner's Association, Inc. ("Lenox Court") wishes to convert its potable water service to be converted from a single meter to individual meters to allow individual home owner's to be billed directly; and

WHEREAS, the single-family homes in the subdivision are served with potable water from the City; and

WHEREAS, The City typically requires that water meters be located at the "service connection" location either on City property, in the right-of-way or within an easement or license granted to the City; and

WHEREAS, Section 154-116 of the City's Code of Ordinances regarding the City's water system provides that, upon request, individual meters can be located on private property if the certain conditions as outlined in the Section can be met; and

WHEREAS, Lenox Court proposes to locate seven (7) water meters at locations different than the service connection location, to allow each meter to be located on private property on an individual lot in the Subdivision; and

WHEREAS, the Commissioner of the City's Department of Watershed Management, after determining that the City's right of way is not suitable for installation of the water meters, has reviewed the request submitted by Lenox Court for the installation of individual water meters within the Subdivision and has approved the request as conditioned upon compliance with the requirements of Paragraph (5) of Section 154-116 for installation of individual water meters on private property; and

WHEREAS, Lenox Court has, accordingly, agreed to meet the conditions required by 154-116 of the City's Code of Ordinances; and

WHEREAS, Lenox Court has requested a waiver from the conditions required by 154-116 which states that the City shall install water meters; and

WHEREAS, the City is willing to permit Lenox Court to install the water meters so long as Lenox Court does so in accordance with the specifications set forth under the City code; and
